### Section 4

### Federal Tax Withholding Election and Information

**If withholding is requested, there must be sufficient cash in your account to remit this withholding amount along with the associated withholding fee.**

If you do not choose an election, we are required to withhold federal taxes at a flat 10% rate. We will not reverse any federal withholding in the event you neglect to make an election. See *IRS Publication 505: Tax Withholding and Estimated Tax* available on the IRS website, [www.irs.gov](http://www.irs.gov).

**Withholding Notice Information** (Section references are to the Internal Revenue Code):

- **Basic Information.** Generally, federal income tax withholding applies to payments made from pensions, profit sharing, stock bonuses, annuities, certain deferred compensation plans, IRAs, and commercial annuities.
- **Purpose of Form W-4R.** Unless you elect otherwise, federal income tax will be withheld from payments from IRAs. You can use IRS Form W-4R/OMB NO. 1545-0074 DEPT. OF TREASURY, INTERNAL REVENUE SERVICE, or a substitute form, such as that contained on this form furnished by STRATA, to instruct STRATA to withhold no tax from your IRA payments or to change previous elections for periodic payments.
- **Nonperiodic Payments—10% Withholding.** Your payer must withhold at a default 10% rate from the taxable amount of nonperiodic payments unless you enter a different rate in Section 4 below. Distributions from an IRA that are payable on demand are treated as nonperiodic payments. Note that the default rate of withholding may not be appropriate for your tax situation. See the specific instructions below for more information. Generally, you are not permitted to elect to have federal income tax withheld at a rate of less than 10% (including “-0-”) on any payments to be delivered outside the United States and its possessions.
- **More Withholding.** If you want more than the default rate withheld from your payment, you may enter a higher rate in the appropriate area below.
- **Less Withholding (Nonperiodic Payments Only).** Where permitted, you may enter a lower rate within the federal withholding section (including “-0-”) if you want less than the 10% default rate withheld from your payment. If you have already paid, or plan to pay, your tax on this payment through other withholding or estimated tax payments, you may want to enter “-0-”. For more information, please see Publication 505, *Tax Withholding and Estimated Tax*, and Publication 515, *Withhold of Tax on Nonresident Aliens and Foreign Entities*, available from most IRS offices.
- **Caution:** Remember that there are penalties for not paying enough tax during the year, through either withholding or estimated tax payments. New retirees should see Publication 505. It explains the estimated tax requirements and penalties in detail. You may be able to avoid quarterly estimated tax payments by having enough tax withheld from your IRA using IRS Form W-4R or substitute version which is part of this form.
- **Statement of Income Tax Withheld from Your IRA.** By January 31 of next year, you will receive IRS Form 1099-R from STRATA showing the total amount of your IRA payments and the total federal income tax withheld during the year. Copies of IRS Form W-4R will not be sent to the IRS by STRATA.
- **Non-resident Aliens.** IRS Form W-8 BEN is required along with this form submission. The IRS default withholding rate is 30% and the form will require one of the following.
  - A U.S. Social Security Number (SSN)
  - A U.S. Individual Taxpayer Identification Number (ITIN)
  - A U.S. Employer Identification Number (EIN)
  - A Foreign Taxpayer Identification Number (FTIN)

☐ I acknowledge that I have read and understand the Withholding Notice Information above and that STRATA is not responsible for determining the appropriateness of the withholding election. I also understand that my federal withholding election is applicable to any subsequent scheduled distributions until I revoke the election under the procedure established by STRATA.

### Section 5

### State Tax Withholding Election and Information

**If withholding is requested, there must be sufficient cash in your account to remit this withholding amount along with the associated withholding fee. If you live in a voluntary state, you must provide a specific amount or percentage or elect NOT to have State Income tax withheld.**

Failure to make a selection when a federal withholding amount has been chosen will result in the minimum amount being withheld as is applicable for your listed state of residence.

| <input type="checkbox"/> | (3) I elect to have state income tax withheld at a _____ % rate, which is more than the listed minimum.   |

### Section 6

### Processing Fees

You may refer to STRATA's [IRA Fee Schedule](#), for information regarding typical transaction fees including processing or service fees which are charged at the time service is provided by STRATA. Payment for these fees is due today. The following options outline payment methods available for this transaction.

- ☐ Deduct processing fees from cash in the account. (I understand this could result in a lesser amount being remitted if there is not sufficient cash in the account.)
- ☐ Charge fees to the credit card on file. ([Fee Payment Authorization](#) form must have previously been submitted for this to be a valid option.)
- ☐ One-time charge to a credit card. ([Credit Card Charge Authorization \(One-Time Charge\)](#) form required.)

**Shipping fees are excluded from this transaction:** After the form is submitted to STRATA, Texas Precious Metals Depository will contact the account holder to collect shipping fees once they are calculated.

### Section 7

### Terms and Conditions

Please contact your tax professional with any questions regarding the possible tax consequences of your distribution. The undersigned hereby authorizes and directs STRATA to distribute funds from my account referenced above in accordance with the instructions completed on this form.

I hereby agree to hold harmless STRATA, and its affiliates and assigns, from any problem arising out of or in any way connected to this request for distribution. I fully understand the tax consequences of the requested distribution, and if necessary, I have consulted a tax or legal professional of my choice and agree to be fully responsible for any taxes. I further certify that no tax advice has been given to me by STRATA. All decisions regarding this withdrawal are my own. I expressly assume the responsibility of any adverse consequences which may arise from this withdrawal, and I agree that STRATA shall in no way be held responsible.

By signing this form, I acknowledge that I have read and understand the **Withholding Notice Information** and that STRATA is not responsible for determining the appropriateness of the withholding election. I also understand that my federal withholding election is applicable to any subsequent scheduled distributions until I revoke the election under the procedure established by STRATA. STRATA may rely on the certification without further investigation or inquiry and shall incur no liability for this distribution request or its processing.

If I plan to take a *series of substantially equal payments* that qualify for penalty exemption under Internal Revenue Code 72(t), by signing this form, I understand that I am solely responsible for the distribution, including maintaining the appropriate cash balance for the distribution(s), and that STRATA is not responsible for monitoring such distribution(s). I further understand that I am solely responsible for the calculation used to derive payment amount(s), and that I should seek competent tax or legal advice from a professional of my choice.

STRATA does not calculate or collect shipping fees for in-kind distributions. I acknowledge and agree that I will meet the terms of the **Distribution Method** selected as stipulated in the depository Distribution Option section of this form. I understand service fees may be incurred and are not included in the gross distribution amount requested.

**APPENDIX A: 2025 MARGINAL RATE TABLES**

You may use these tables to help you select the appropriate withholding rate for this payment or distribution. Add your income from all sources and use the column that matches your filing status to find the corresponding rate of withholding. See the instructions below for more information on how to use this table.

Single or Married Filing Separately		Married Filing Jointly or Qualifying Surviving Spouse		Head of Household	
Total Income Over:	Tax Rate for Every Dollar More	Total Income Over:	Tax Rate for Every Dollar More	Total Income Over:	Tax Rate for Every Dollar More
\$0	0%	\$0	0%	\$0	0%
15,000	10%	30,000	10%	22,500	10%
26,925	12%	53,850	12%	39,500	12%
63,475	22%	126,950	22%	87,350	22%
118,350	24%	236,700	24%	125,850	24%
212,300	32%	424,600	32%	219,800	32%
265,525	35%	531,050	35%	273,000	35%
641,350*	37%	781,600	37%	648,850	37%

\*If married filing separately, use \$390,800 instead for this 37% rate.

**Suggestion for determining withholding.** Consider using the Marginal Rate Tables to help you select the appropriate withholding rate for this payment or distribution. The tables are most accurate if the appropriate amount of tax on all other sources of income, deductions, and credits has been paid through other withholding or estimated tax payments. If the appropriate amount of tax on those sources of income has not been paid through other withholding or estimated tax payments, you can pay that tax through withholding on this payment by entering a rate that is greater than the rate in the Marginal Rate Tables.

The marginal tax rate is the rate of tax on each additional dollar of income you receive above a particular amount of income. You can use the table for your filing status as a guide to find a rate of withholding for amounts above the total income level in the table.

To determine the appropriate rate of withholding from the table, do the following. Step 1: Find the rate that corresponds with your total income not including the payment. Step 2: Add your total income and the taxable amount of the payment and find the corresponding rate.

If these two rates are the same, enter that rate on Line 2 of the IRS W-4R form or **Line 3** of the substitute W-4R form contained in the *Federal Withholding Election* sections within STRATA's forms (see Example 1).

If the two rates differ, multiply (a) the amount in the lower rate bracket by the rate for that bracket, and (b) the amount in the higher rate bracket by the rate for that bracket. Add these two numbers; this is the expected tax for this payment. To get the rate to have withheld, divide this amount by the taxable amount of the payment. Round up to the next whole number and enter that rate on Line 2 of IRS W-4R form or **Line 3** of the substitute W-4R form contained in the *Federal Withholding Election* sections within STRATA's forms. (See Example 2 below.)

If you prefer a simpler approach (but one that may lead to overwithholding), find the rate that corresponds to your total income including the payment and enter that rate on Line 2 of IRS W-4R form or

**Line 3** of the substitute W-4R form contained in the *Federal Withholding Election* sections within STRATA's forms.

**Examples.** Assume the following facts for Examples 1 and 2. Your filing status is single. You expect the taxable amount of your payment to be \$20,000. Appropriate amounts have been withheld for all other sources of income and any deductions or credits.

**Example 1.** You expect your total income to be \$65,000 without the payment. Step 1: Because your total income without the payment, \$65,000, is greater than \$63,475 but less than \$118,350, the corresponding rate is 22%. Step 2: Because your total income with the payment, \$85,000, is greater than \$63,475 but less than \$118,350, the corresponding rate is 22%. Because these two rates are the same, enter "22".

**Example 2.** You expect your total income to be \$61,000 without the payment. Step 1: Because your total income without the payment, \$61,000, is greater than \$26,925 but less than \$63,475, the corresponding rate is 12%. Step 2: Because your total income with the payment, \$81,000, is greater than \$63,475 but less than \$118,350, the corresponding rate is 22%. The two rates differ. \$2,475 of the \$20,000 payment is in the lower bracket (\$63,475 less your total income of \$61,000 without the payment), and \$17,525 is in the higher bracket (\$20,000 less the \$2,475 that is in the lower bracket). Multiply \$2,475 by 12% to get \$297. Multiply \$17,525 by 22% to get \$3,856. The sum of these two amounts is \$4,153. This is the estimated tax on your payment. This amount corresponds to 21% of the \$20,000 payment (\$4,153 divided by \$20,000). Enter "21". For more information on W-4R or form substitutes visit IRS.gov.

**APPENDIX B: STATE INCOME TAX AND WITHHOLDING INFORMATION**

Elections regarding dollar amounts and specific percentages may be made for residents of some states by completing the appropriate section of the distribution form. Certain states will require a minimum percentage. The minimum state-required amount will be withheld when applicable. All state withholding amounts will be rounded up to the nearest whole dollar.

Rates are subject to change without notice.
